1. General

Welcome to Redmine Project Manager & Contacts (<https://org.fair.coop/>).

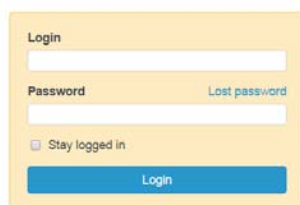

First of all, you need to sign in : you can do it by choosing the option **Register** right above on the screen.

Then fill the field in and click on the **Submit** button:

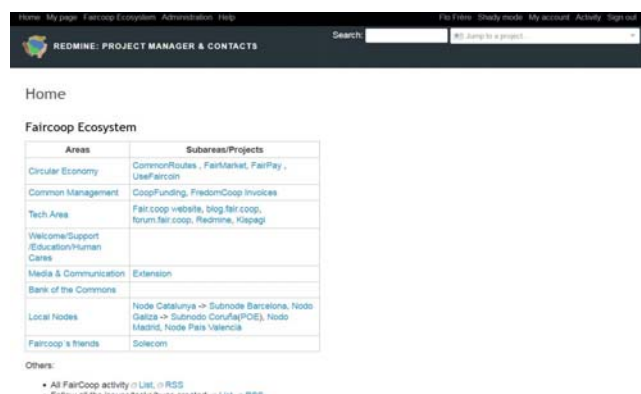

A screenshot of the 'REDMINE: PROJECT MANAGER & CONTACTS' registration page. The form is titled 'Register' and contains fields for 'Login *', 'Password *' (with a note 'Must be at least 8 characters long'), 'Confirmation *', 'First name *', 'Last name *', 'Email *', 'Hide my email address :()', 'Language' (set to 'English (British)'), 'Faircoin Receive Address *', and 'Telegram Username'. A blue 'Submit' button is at the bottom left.

When you have an account, you can log in (with the option sign in) :

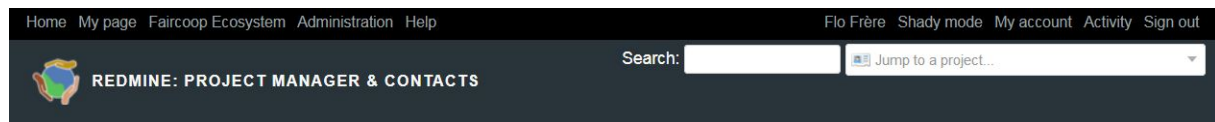

A screenshot of the 'Login' form, which is a yellow box containing fields for 'Login' and 'Password'. There is a 'Lost password' link next to the password field, a 'Stay logged in' checkbox, and a blue 'Login' button at the bottom.

Now you have access to the software :)

The first screen looks like this :

A screenshot of the 'REDMINE: PROJECT MANAGER & CONTACTS' home page. The page has a dark blue header with navigation links and a search bar. Below the header, the page is titled 'Home' and features a 'Faircoop Ecosystem' section with a table of areas and subareas/projects. The table lists various categories like 'Circular Economy', 'Common Management', 'Tech Area', 'Welcome/Support', 'Education/Human', 'Cares', 'Media & Communication', 'Bank of the Commons', 'Local Nodes', and 'Faircoop's friends'. Below the table, there are links for 'All FairCoop activity' and 'Follow all the issues/tasks/bugs created', each with 'List' and 'RSS' options.

On the top of the screen, you have different information :

Home : to go back to the main screen

My page : information about your activity in the software (issues)

FairCoop Ecosystem : the different areas, projects, local nodes in the software

Administration : tools for the admin

Help : online help (Redmine wiki)

Shady mode : disable

My account : to modify information about your account

Activity : the activities you made in the software

Sign out : to sign out

Search : search option (you have a pick up list to search in one specific project if you want)

Bellow, you can choose an option : you can go to a project or a specific area.

Faircoop Ecosystem

Areas	Subareas/Projects
Circular Economy	CommonRoutes , FairMarket, FairPay , UseFaircoin
Common Management	CoopFunding, FreedomCoop Invoices
Tech Area	Fair.coop website, blog.fair.coop, forum.fair.coop, Redmine, Kispagi
Welcome/Support /Education/Human Cares	
Media & Communication	Extension, Graphic-Design
Bank of the Commons	
Local Nodes	Node Catalunya , Nodo Galiza -> Subnodo Coruña(POE), Nodo Madrid, Node País Valencià
Faircoop's friends	

2. Working in a project (group ; area)

Faircoop Ecosystem

Areas	Subareas/Projects
Circular Economy	CommonRoutes , FairMarket, FairPay , UseFaircoin
Common Management	CoopFunding, FreedomCoop Invoices
Tech Area	Fair.coop website, blog.fair.coop, forum.fair.coop, Redmine, Kispagi
Welcome/Support /Education/Human Cares	
Media & Communication	Extension, Graphic-Design
Bank of the Commons	
Local Nodes	Node Catalunya , Nodo Galiza -> Subnodo Coruña(POE), Nodo Madrid, Node País Valencià
Faircoop's friends	

First of all, select a projet (dubble-click on it) NB : you need to have the permission to go in that project. Not all projects are public. If you don't have access, contact someone in the Redmine Telegram group (FC Redmine (English)). <https://t.me/joinchat/C7QpPkkxczSJaU04laFh4A>

When you select a project, you will see an overview of that project with an issue tracking (list of tasks, etc.) and all the members of that project.

If you have administration rights, you can add a new sub-project to that project.

Description Quote

CAUX, Switzerland from 27. June to 01. July

VOLUNTARY WORK

<http://polymoney.synology.me/mediawiki/index.php?title=TheCAREconomy>

Established contats with participants, organiziers and clusters.

Great interest with FairCoop

FairCoop had a cluster with six participants: @Marohf, @GenoLoMo, @Zumbrunn, @NikolaNS, Guy James, Misha Mihajlo

Together with this visit, I went after to Local node in Jura (Dezentrale, Mt.Soleil)

Accomodation and food were covered by hosts.

I had travel expence:

100CHF from Serbia to Lausanne,

3. Tasks, proposals, help, bug, feature, expense

3.1. Consult a task

When you click on a task (or proposal, help, bug, feature, expense), you will see a resume of the task.

The screenshot shows a Redmine task page for 'Tasks #137'. At the top, there are navigation links: Edit, Log time, Unwatch, Copy, Delete, Validate, Completed, and More. The task title is 'Redmine Wiki', added by 'Flo Frère' 24 days ago, and updated 21 days ago. The task details include: Status: New, Priority: Normal, Assignee: Flo Frère, Start date: 26/05/2018, Due date: 31/05/2018, % Done: 100%, Estimated time: 1.00 h, and Spent time: 1.00 h. The description is 'Testing the wiki in Redmine to save our documentation and materials for PR'. There is a link to a photo 'photo_2018-05-26_13-59-45.jpg (58.9 KB)' uploaded by 'Flo Frère' on 26/05/2018 at 02:00 PM. The task has no subtasks or related issues. The history shows it was updated by 'Misha Mihajlo' 21 days ago. On the right side, there are sections for Issues (View all issues, Summary, Import, Agile board), Agile charts (Issues burndown), Change status (In Progress, Resolved, Validated, Validated+, Closed, Rejected), Planning, and Contacts (Add).

On the top of the screen, you have different options : edit, log time, unwatch, copy, delete, validate, completed and more (export)

Edit : to edit the task and make some changes

Log time :to log the time spent for this task

Unwatch : if you don't want a notification about this task, you can choose 'unwatch'

Copy : to copy the task

Delete : to delete the task

Validate : to validate the task

Completed : to close the task

More : to export the data from the task

When you open a task, you will see the title of the task and a description. You also can see who created the task and the date of creation. You also have the status, the priority, the assignee, the start date and due date, % done, estimate time and spent time.

You also can see the subtasks and related issues + the history.

3.2. Create a task

 [New issue](#)  [More](#)

Click on [new issue](#)

You will see this screen :

New issue

Don't forget to log your time spent on the issue after completion!

Author * Flo Frère

Tracker * Tasks

Subject *

Description

 Source                       

Author : the person who creates the issue (you)

Tracker : the type of issue (most of the time, you will choose 'tasks' but you also can choose for other types).

Subject : here you need to add the title of your task (or other issue)

Description : give here a description of the task (or other issue). You can add text but also links to your pads, documents, etc.

Status : it is automatically on 'new'

Priority : you can choose between 'low', 'normal', 'high', 'urgent' and 'immediate'

Assignee : select the person committed to the task

Deal : not used right now

Tags : tags are keywords. You can add various tags. You also can select a tag that already exists. Tags are linked at a specific project.

Parent task : you can associate a parent task

Start date : add the creation date of the task

Due date : add the date when the task must be finished

Estimated time : add the estimated time for the task (in hours)

% Done : the percent of the work already done (you can change it when needed)

Log time : add the time you spent on a task

Spent time : the hours you spent on the task (you can add various times when needed)

Activity : is by default always 'development'

Comment : add a little comment about the task you did (mandatory)

Voluntary work : by default the work done is voluntary, if you like to be paid, please uncheck the option

Notes : you can add some information, pads, links in here. NB : you can make the note 'private'

Files : you can add files to the task (pdf or other format)

Submit : to save your task. Don't forget to click on it :)

NB : the fields with an * are mandatory

3.3. Modify a task

Tasks #164

<https://org.fair.coop>

It is looking really great Flo. You can find some inspiration in the current help page:
<https://org.fair.coop/projects/manual-redmine/wiki>

 Edit  Log time  Unwatch  Copy  Delete  Validate  Completed

3.4. Add time in a task

Go to the option **log time**

You will see this screen :

Spent time

The screenshot shows a web form titled "Spent time". It contains the following fields and controls:

- Issue ***: A dropdown menu with "187" selected. To its right, the text "Tasks #187: theCAREconomy Collective Meet-up 2018 / EVENT REPORT" is displayed.
- Date ***: A date picker showing "07 / 13 / 2018".
- Hours ***: An empty text input field.
- Comment ***: A large text area for notes.
- Activity ***: A dropdown menu with "Development" selected.
- Voluntary work ***: A checkbox that is currently checked.

At the bottom of the form, there are two buttons: a blue "Create" button and a grey "Create and continue" button.

Fill the different fields.

NB : the activity is always 'development'

the option **voluntary work** is selected by default.

If you want, you can log time directly at the welcome screen of a project, area, group). You also can create a report.

Remark : all your logged time will appear monthly at kispagi.fair.coop, if it's not voluntary, it can be remunerated through our FC Open Coop Work protocol.

3.4. Validate a task

Choose the validate option

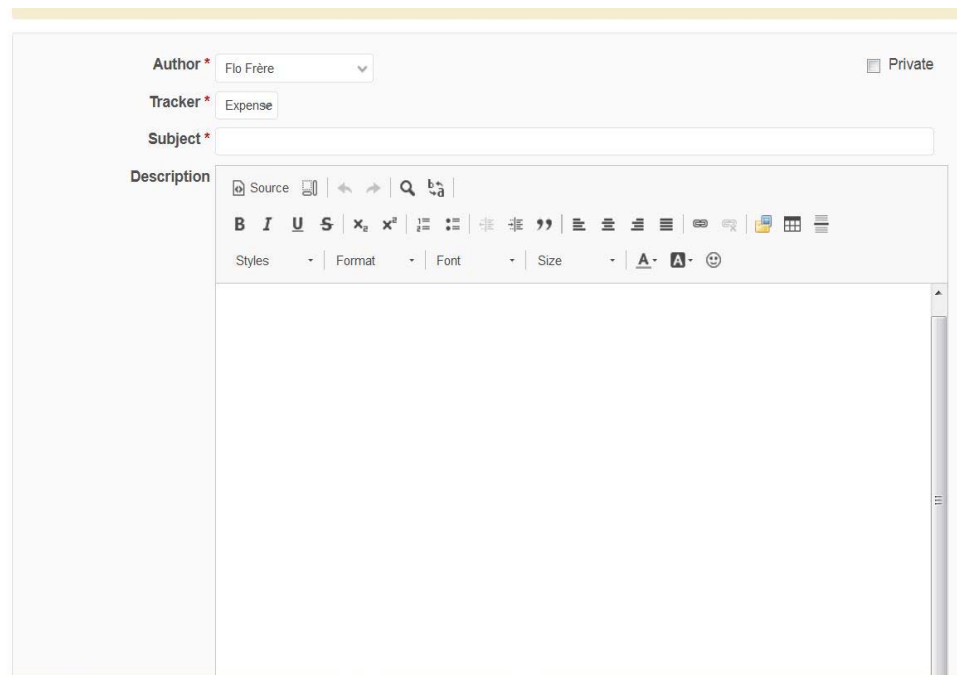

The status will change from new to validate (nb : you need to validate the tasks from others). Each task needs 2 validations or more before you can get paid. When 2 people validate a task, the status change from **validate** to **validate+**

NB : if a third person validate the task, the status will change in validate (and not validate+ anymore)

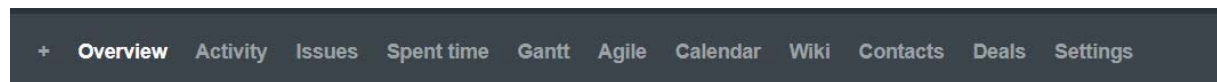

3.5. Add an expense

Click on new issue (in your project) and choose 'expense' as tracker. Fill the different fields.

A screenshot of a web form for adding an expense. The form has a light gray background. At the top, there's a 'Private' checkbox. Below it, the 'Author' field is a dropdown menu showing 'Flo Frère'. The 'Tracker' field is a dropdown menu showing 'Expense'. The 'Subject' field is a text input. Below these is a 'Description' section with a rich text editor. The editor has a toolbar with icons for source, undo, redo, search, and other formatting options. The text area is empty.

4. Overview, Activity, issues, time spent

The overview gives an overview by project (or sub-project)

5. Grantt

Grantt gives a summary of all issues (tasks, expenses, bugs, proposals, helps,...) for one area or sub-area in a chart. It helps to see if some tasks are pending or need a follow-up.

Also here, you can search in options or use a filter.

If you want, you can save the chart (click on save).

6. Agile

The Agile board shows the issues (tasks, proposals, expenses, etc.) from the area or sub-area in the form of a board.

Also here, you can search in options or use a filter.

7. Calendar

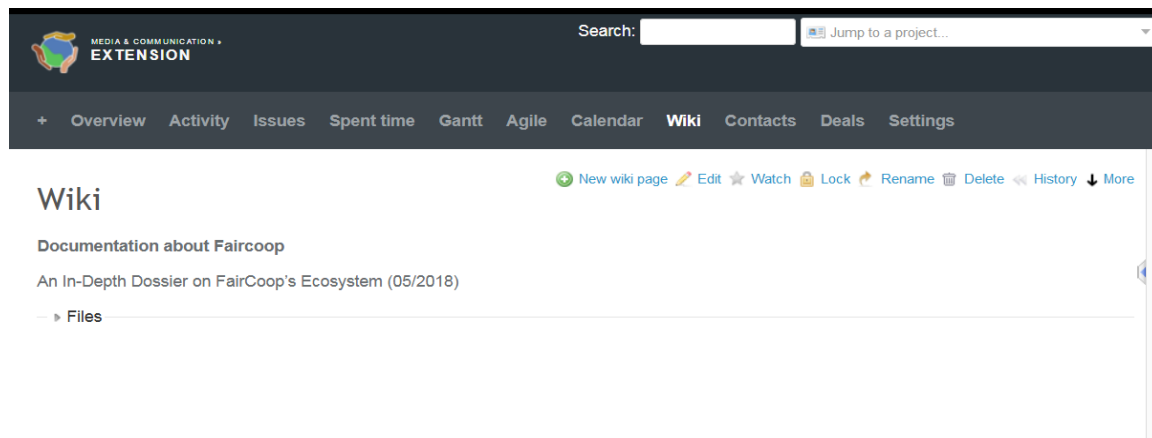

The calendar shows all issues (tasks, proposals, expenses, etc.) from the area or sub-area in the form of a calendar.

Also here, you can use a filter for your search.

8. Wiki

You can add documentation, comments, etc. related to your area, sub-area in the wiki.

New wiki page : to add a new wiki page

Edit : to modify a wiki page

Watch : to receive a notification about this

Lock : to lock a wiki page (to prevent modification of the page)

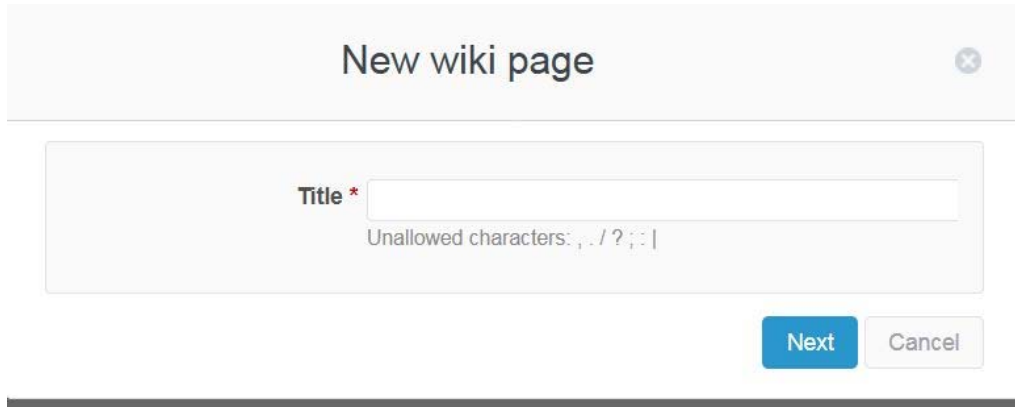

Rename : to rename the page

Delete : to delete the page

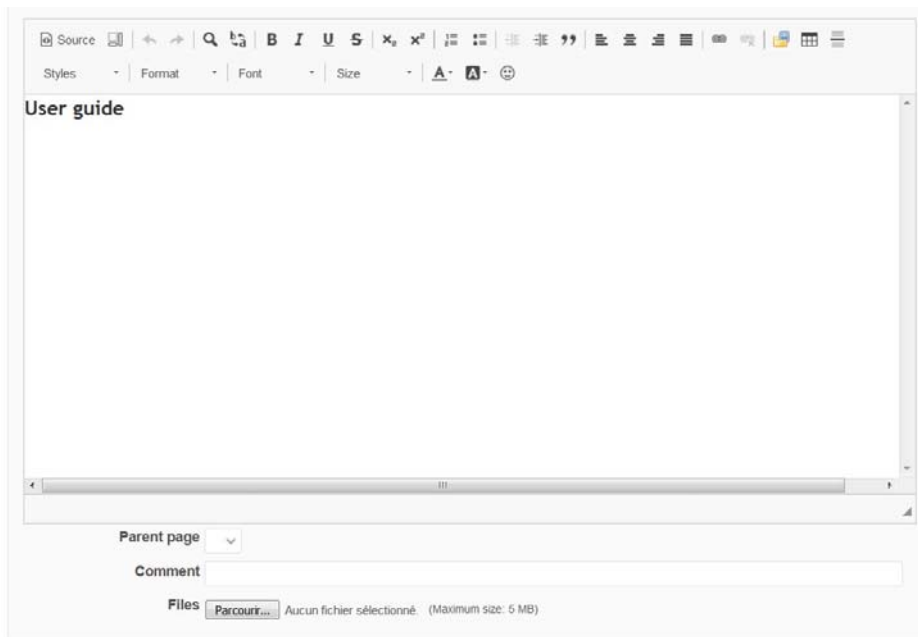

History : to see the history of the page

8.1. Create a wiki page

Choose the option « new wiki page » and give a title (the name of your page), click then on « next »

A dialog box titled "New wiki page" with a close button (X) in the top right corner. Inside the dialog, there is a text input field labeled "Title *" with a red asterisk. Below the input field, a message reads "Unallowed characters: , / ? ; |". At the bottom right of the dialog, there are two buttons: "Next" (blue) and "Cancel" (grey).

Type your text (or copy the text from somewhere else). You also can add hyperlinks,
NB : you can add files (on the bottom of the screen) with the option « [files](#) »

A screenshot of the wiki editor interface. At the top, there is a toolbar with various icons for editing (Source, Undo, Redo, Find, Bold, Italic, Underline, Strikethrough, List, Indent, Outdent, Quote, Table, Link, Unlink, Image, etc.). Below the toolbar is a large text area containing the text "User guide". At the bottom of the editor, there is a "Parent page" dropdown menu, a "Comment" text field, and a "Files" section with a "Parcourir..." button and the text "Aucun fichier sélectionné. (Maximum size: 5 MB)".

Don't forget to save your page (you can preview your page first).

NB : you can add more than one file.

User guide.

Add note

Advanced (type, date, files)

9.1. Add a contact

Click on [new contact](#)

New contact

The screenshot shows the 'New contact' form. At the top, there is an 'Avatar' section with a 'Browse...' button and the text 'No files selected.' Below this is a 'Company' checkbox, which is currently unchecked. The form contains several input fields: 'First Name' (required, marked with an asterisk), 'Middle Name', 'Last Name', 'Company' (with a magnifying glass icon), 'Birthday', 'Job title', 'Address' (with sub-fields for 'Street 1', 'Street 2', 'City', 'State', and 'ZIP'), 'Phone' (with a note 'Multiple values allowed (comma separated)'), and 'Email'.

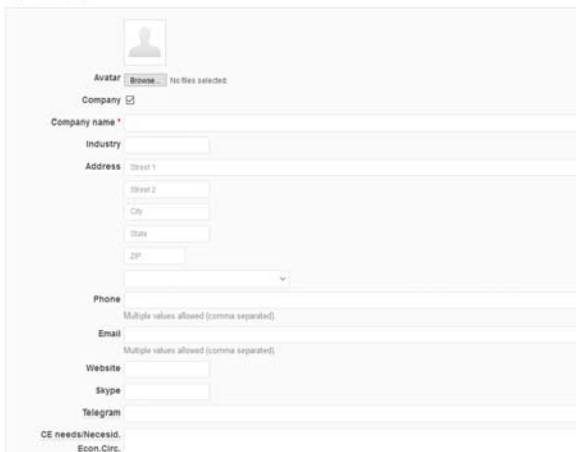

Avatar you can add here a picture (of the contact), logo (of the organisation)

Company if you want to add a organisation or a coop, select this option. You will have access to a specific screen.

The other fields need to be completed if you want to add a person.

When you select the option **Company**, you will see this screen :

New contact

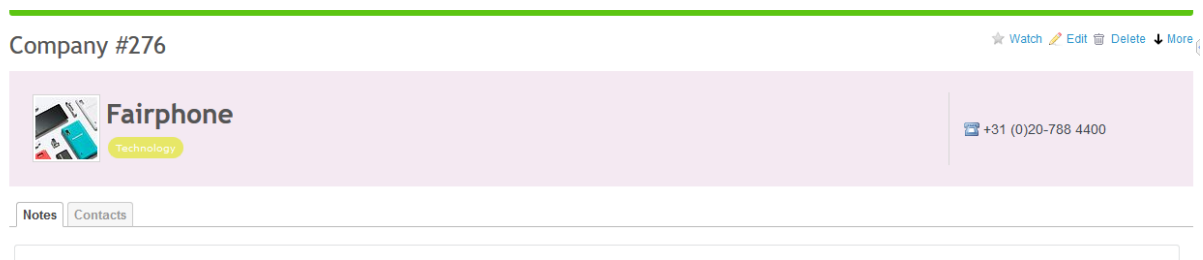

The screenshot shows the 'New contact' form with the 'Company' checkbox checked. The form now includes additional fields: 'Company name' (required, marked with an asterisk), 'Industry', and 'Website'. The 'Address' section remains the same. The 'Phone' and 'Email' fields still have the note 'Multiple values allowed (comma separated)'. At the bottom, there are fields for 'Skype' and 'Telegram'. A footer note reads 'CE needs/Necessid. Econ.Circ.'.

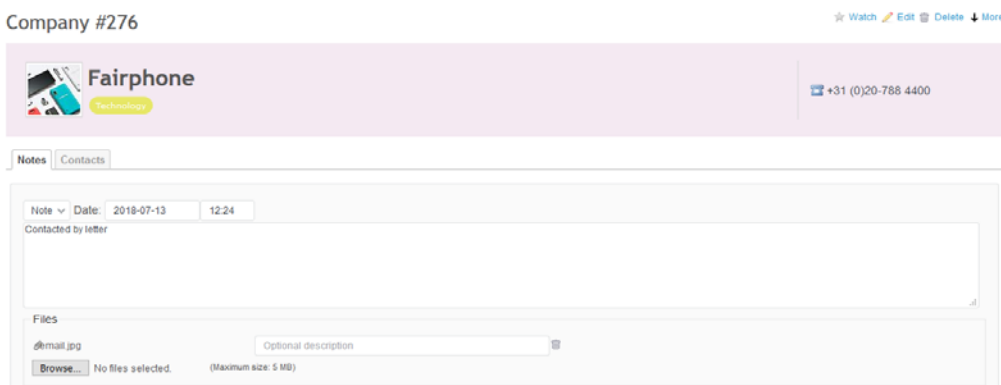

Fill the different fields.

Tags : tags are keywords or categories. You can select a tag already used in the contact database by typing the beginning of the word. You also can add any tag you want. A tag may have one or more than one words. Begin the tag with a majuscule.

After you entered a contact you will see a summary :

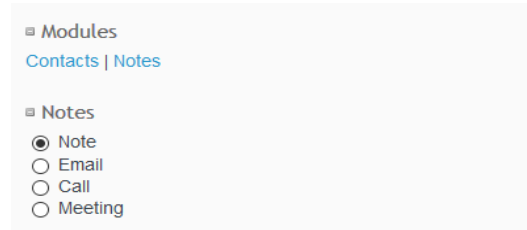

You can add a note (a note can be information about a letter sent or a contact made, etc.). Just fill the field and click on **add note**

You can add more than one note. You can modify a note (select first the note, then click on edit at the right of the screen). You can delete a note (select first the note then click on delete at the right of the screen).

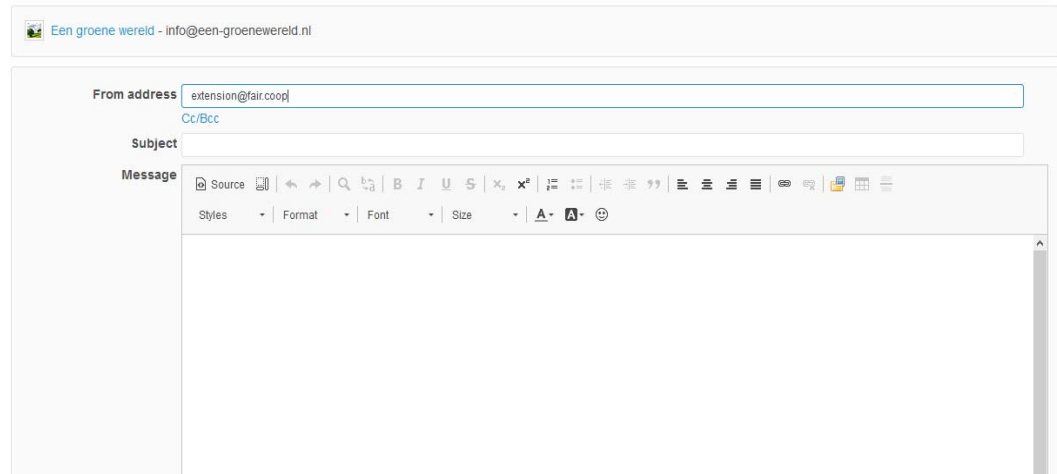

The advanced option gives you the opportunity to add a date and a file (like a copy of the letter).

NB : You can search in the notes. Select the option **notes** at the right of the screen.

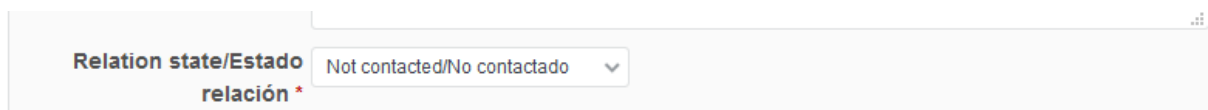

NB : you can send an email to the contact via the option **email** (on the top of the screen).
If you want a copy of the email in your own account, select the option Bcc and add your email adress in there.

Send mail to selected contacts

The email will be send to the email adress of the contact and the summery of the email will be showned as note.

NB : you need to change manually the option 'relation' in the contact fiche (by editing the contact).

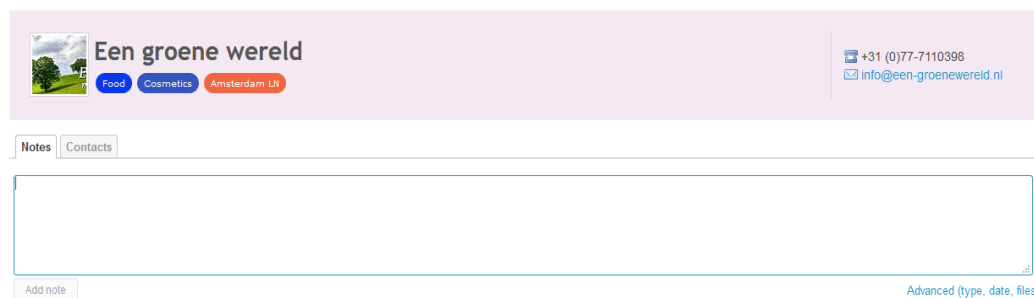

You can choose between : no contacted, in progress, accept faircoins, not intrested, rejected

When a contact reply, you can add their reply as note (with a link to their email or letter) and change the relation again. (Go to the contact, choose edit, change the relation. Add the note).

You can edit or delete the note by choosing the options on the right of the screen

 FairCoop - Een groene wereld, Added by Flo Frère 32 minutes ago

<div id="magicdomid10">Greetings. !</div> <div id="magicdomid11"> </div> <div id="magicdomid12">We are contacting you to propose the use of an alternative digital currency for your products. We find your business to be quite aligned with the values and ethics of FairCoop, as both pursue a more fair trading and economic system for all the people. Instead of exploitation, competition and limitless growth that benefits 1% of the population right now, we fight for cooperation, sustainability and common wealth for the 99%</div> <div id="magicdomid13"> </div> <div id="magicdomid14">As we pursue t...</div> </div>

(1-1/1)

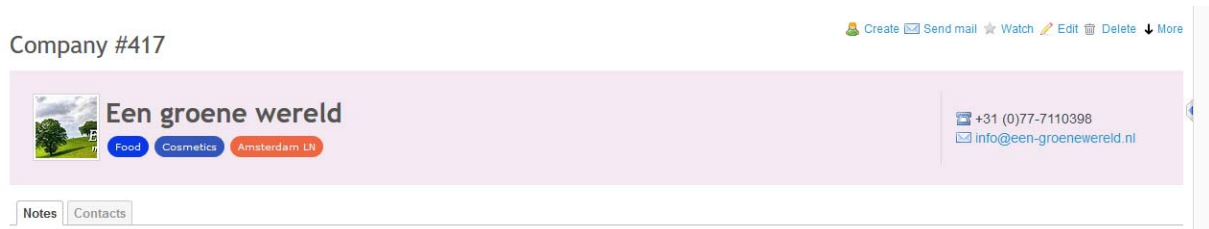

NB : You can add more than one note.

9.2. Modify a contact, delete a contact

Search first the contact you want to modify or delete. Select the contact. You will have a summary of the contact.

To modify a contact, choose the option **edit** on the right of the screen.

To delete a contact, choose the option **delete** on the right of the screen.

NB : you can select multiple contacts at the same time and right-click, a popup menu will appear to apply an action to all of them, saving you time.
